

Manufacturer Declaration

Herewith Bühler Technologies GmbH declares that the following products are not „equipment” for the purpose of legislation **Equipment and Protective Systems Intended for Use in Potentially Explosive Atmospheres Regulations 2016** respectively, and therefore are not labelled with the UKCA mark.

Products: Directional valves
Types: GKH...-2-PFA, -3-PFA, -5-PFA
GKH...-2-PVDF, -3-PVDF, -5-PVDF

This declaration is valid for all devices manufactured in accordance with the manufacturing documents deposited with the manufacturer – which form an integral part of this declaration.

The products specified above have no own ignition sources, provided all safety regulations in the technical documentation and the relevant safety instructions (e.g. EN 60079-0, EN 60079-14, etc.) are observed during installation, assembly, operation, maintenance and cleaning. Note also the indications in the associated datasheets.

Taking into account all specifications, the directional valves may be used in explosion group IIA, IIB and IIC gaseous atmospheres which are occasionally explosive (Zone 1).

To prevent dangerous electrostatic charges, the products may only be cleaned with a damp cloth.

The object of the declaration described above is in conformity with the relevant designated standards:

EN ISO 80079-36:2016

EN ISO 80079-37:2016

In addition, the following standards have been used:

TRGS 727

This declaration of manufacture is issued under the sole responsibility of the manufacturer.
